20 June 12, 1926 Fft Warhigton, 26, 250 9.11. for bot spop, and to other Plational Ceonfirmere on state Parks and to visit gowe and Bird reservations in ark. June 13. Euros & Hol Springs, ale June 19, Aof Springs ark, arrived Memplino 725 am; left 9.35 all ; arrivel 3. 20 PM at Not Spani June 14-17 alludis national levelenue on Slat Canks. On June 15 trip was node to Petit From Slate Cark of on Juve 16 50 arkantas national Forest Parts Mera quests of Fins Celub of

Feft Hot Spins 9 a.m. and arminal Finterock, 11,30 a.m. For in lovel with they ansler and completed arrangements for try by al game terretory in earlier ark. June 19. Futerous & Fourt City. FIF Letterver a Rouf 4PM with they auther slopped for supper at Ball's Bluff and reached Forest Ceity about 10 PM. cultivated to collon Much of this land forming swampy

June 19 con, and overgrown with express. How a loose alluvial soil growing good cotton and Situs crops. Jewe 20. Fourt ledy to Blytheville. Tiff Fourt City about 6,30 all and drove for a couple of hours to Wynne where we had breakfoot and this continued to Jones doro where we arrived at 9am. Droug out of lown about 12 miles to a westing of the Growley Hills fox Huters association where auxler and I confirm with the muchen of elect new organization who are rofereally interolal inplacking the country with John, that here Diliver Dudley, a lawyer and supresollation in slate existative, Fift Jonesboro about 49M and arred Blythwille about 6 PM June 21. Blythwille, Was joined by Lo. Fo. Bryon early in morning and April day in a trip to By Lake Bud Rejervation and in consideration of reservation problems, By Lake Revivalin. an area of some 11000 or 12000 acres forwerly a wonderful Boss fishing area, But now)

June 21 con, largely drawns and threatens with complete offer obliteration as a waln ava, It was forway fed by a great Fittle River which combind waters from Mixertiffe Reven sloughes in southeaster Mo. a drawage caral tapping Fite River has had the effect of lowers By Lobe by reduces the flow was it. amuran agret, a few sem of Big Joke, but not known to not here for. Frot Blue, Seval Den. Moderak, Swal sing by Buyan while wanter galive in May and Juve. Woodduck a number not

of Biz Lake this year, Jain there is word, Den - a few raid to resort as Repuratur, Wild lunking a few sand to come in an resuration. Tearthquake 1811 This placed a much of oak her into owhere places such as By Lobe and Florgh leading from Fase. And its obiletons of slumps and logs still remain. June 22, Phytheriele to De Vally Bluff. Reft Blystiolle and made early worms trip to Walker Take. Here about 14 acres of former cyfred swamp - 272

Jeme 22 con. ancien egets end great blue herous of which there were pulops sweal hundred inches aggregate. Through local drawings the root is empletely abandows and the grown bruscit duply crocked and duy and grewh up to poke whed byfur than a wais had. Only comp. few old next rewarm Reland to Blythwille about 9 am and left the about 10 am. In Detal Vrumanu when & saw I.B. Nex who described root of white and good the hums near Th, Frencis Run. Left Trumon for De Valls Bluff about

June 23, Wed De Valls Bluff & Selow of Charles. Left De Valla Bluff 10,40 on Camph arkansos" of arkonous down white first bound on oruse Beautiful views along White Ruin which we are disord Boulet 10-30 ft. Wigh, Ceause of them very lorluma, Ttop for lunth of blanden about IPM. Tunk, oslos, and soul gum pream greek-willow in low good of fourts where actreling are by Wild grope. Granfelly dropers overhooging transless of bowlers. Olor dufting out own wolf sot this time.

John Riv. Gu. views - clouds, Scantiful inflictions of gracefully dept land along fauly - each were summyly more brainful Follow St. Charter to Bridge on white Rwir. Fiff place we tred up to stop Dank last night about smuch to of 6,50 a.m. Floring cutillain, Several vulos below of lebala, offine along white Riv. I when the buds dropping af intervals to Joan Wilking. Rovedole, Miss or Walson, ark. Reached R.R. Dridge across white River about noon, and met Ja Wilking who is in the business of handling

devot henters from his house book. Wilking has the reputation of Dung a very reliable man and well informed concerning game cial tons. " " Twoon a trip was made in To boat to some laber in The words above the mouth of Fagrue Bayon on the west vide of white king. There have water varying in dyst from about 3 ft. to about 10 on N St. and are in iner of the west where the they for a resulty of most and they they contian sugress of small musually which also afford considuable Lood for lucks. where the famous duck picture was made by Long ampler last year of is a copie of stout those multioned above. Lung days at the time the picture was laken the kinds covered to water so thirty everywhing that new arrivals had to have to find risting places among those already on etto water and etry were dusty meroxed for about 25 ft. fach on the Dane stoping Janks. There lakes all contain Some have, but not in the form umbers. Fung careful 5 Bass du

Fawiking.

June 25(4ri.) Brodge across lower 20 that River down around Big Island and up White River to point above H Johg where we trid up for the wight. The wind will will all the grand on try on unborness." From about 2,30 PM. Big Island. This is the local at the mouths of the White and at the mouths of the white and at the mouths of the white at the mouths of the white waters of the inkness which of white River wests the reddick waters of the inkness which of reads across the head of Big Hard and sends alroys the head of Big Hard and sends alroys the head of Big Hard and sends of Big Hard into

country Cycing along the white and terfaces revers. Defore the Civil War it was largely in cultivation, but is now almost until by convered week 2 mint - Farmely it contained a much in of lake but most on the worth westones . now the weeth and floods were the water of a ligher on sur wellow tunder formula sorp that it is ont & clus Live of flight of such a liter to place. Turpup on the splace. and logs. The goods underded divide with groups of 10 to 15 and rise about 25 the above the rue in wany plans. In aftrene igh water most or all takinged in hoppind in 1722 ind ild lærge munde H Take This is one of a veries of tear of it lakes in this hoods on the west only of white Rever a few rules above the month of Lagrue Bayon. There vary from met swand miles in lungth, but most of from wound hundred yould

to about half a mule in widet. Harge cypred two commonly grows along the strong the space. This wastern furnished of due by which it was fulled in its away about 20008 In hunter and is a hunter mature et some ready to the reston of a bird refugger that would betwee him med protection for his timber of med protection for his timber of early mader theres, the is well by wilking to be about the curry the best duck hunter country in ur banger. I well most of the luck that went this or stand - we will the west this or stand - we will + Willeris more than 75 % and willinds, a few teats of word kinds wood ducked and Withing trips that ducks any werending, but try hours with the distribution that it is pront with certainly they dere up reficiely mader of the Log lines. Wood duck. Swend adults seen

June 25 cm flying in various places, of several littles of swall your seen in the water, One litter of 5 your finds mable tofly Ace at Good Tope. Believed by Willia to be weren & But he says they are continually shot by the local people as to your are willished dung for summe. Wood duck have always from comme in the putting the your Finds are quick to get away where one comes on them orderly as they to tide by hours the works one day when the book port a bud close to the bank. Left the Bridge of 4PM, Wh.

June 25 cm. Luy amsler returning to Fettlerook by rail and Flanly and I This the Foot up to river. we tred up to the bank owners? nuits up the run for eles - june 26 (50t). From white run Bank abour 18 Joke to. De Valls Bluff, ark. If up rum at 6,15 a.m. Pars 5 - wharlu 930 am. Sima untillarur Flork & 15 on Frod bar a thort differen above Sf. lebarly.
